Linghurst Lakes

Further to a recent meeting in the Village Hall, the Linghurst Lakes Committee is as follows:

*Jerry Kershaw - Chair
Alan Jones - Treasurer
Pauline Sheehy - Parish Council
Michael Naylor - Parish Council
Martin Bingham
Lawrence Sweeting
+9 Friends of Linghurst Lakes*

A recent survey to highlight areas that require maintenance attention has been carried out. To help keep paths clear from brambles and saplings, why not take a pair of secateurs with you to trim as you go.

However, only permissible works at the lakes are to be completed within the confines of the maintenance plan actioned by the committee and that whilst residents are welcome to cut the odd bramble obstructing pathways it should be done with consideration to the wildlife, fauna and flora. **Thank You**

Lound Lingerers

Our next walk on **Friday August 16th** will be a new one for Lingerers – a stroll of about two miles through the delightful shady woods north of Roche Abbey. We follow Maltby Beck through the gorge. Most of the route is easy walking but if you have walking poles it might be advisable as there are a couple of places where it may be a bit slippery after rain.

We set off from Willow Cottage at 10.45am. Please let Gee know on Tel: 01777 818792 if you would like to come by Tuesday 13th so that transport and a table booked for a pub lunch.

Did you know, Roche Abbey has one of the most complete ground plans of any English Cistercian monastery, laid out as excavated foundations.

Founded in the 12th century as a monastery of the Cistercian order, Roche Abbey was once home to 50 monks and 100 lay brothers.

Being suppressed in 1538, and most of the buildings dismantled, the soaring early Gothic transepts of this Cistercian monastery still survive to their original height and are ranked in importance with the finest early Gothic architecture in Britain.
